Forecast For East Midlands
Issued by Met Office Exeter
at 1600 on Monday 05 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mainly cold and clear overnight with a widespread frost.

This Evening and Tonight:
Cold and mainly clear night with lighter winds for much of the region. Staying windy toward the coast, with a few wintry showers possible through the night. A widespread frost developing in the clear spells, especially inland. Minimum temperature -2 deg C (28 deg F).

Tuesday:
Cold and breezy, strongest winds toward the coast. Sunny throughout, but scattered snow showers increasingly frequent through the afternoon perhaps giving temporary accumulations on higher ground. Widespread frost overnight. Maximum temperature 6 deg C (43 deg F).

Outlook for Wednesday to Friday:
Less cloud, but windier and cloudier Wednesday, rain overnight. Breezy but often cloudy Thursday and a little milder. Cloudy with rain at times Friday, brighter later but with isolated showers.
